Compatible with	Magic remote (Standard Remote comes with UA77)									

¹Perfect Black Perfect Color: Verified by UL Solutions for Perfect Black technology delivering black levels ≤0.24nit up to 500lux and Perfect Color technology delivers color consistency levels >99% up to 500lux. ²165Hz & 144Hz Gaming Refresh Rate: PC with 144Hz graphic card required. ³100% Color Volume & Color Fidelity: Display Color Gamut Volume (CGV) is equivalent or exceeds the CGV of the DCI-P3 color space as verified independently by Intertek. Third-party testing conducted by Intertek showed the color fidelity of the display is 100% based on CIE dE 2000 color difference metric calculated for 125 color patches distributed across the entire color volume. Color difference (Delta-E) value was less than 2 for each of the 125 color patches. Copyright © 2025 LG Electronics USA, Inc. All rights reserved.
